Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Robert C. Line and Louise C. Line, of Rte #3 Missoula, (Name of Appropriator) (Address) (Town)

County of Missoula State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 18 T. 1S R. 17E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

Springs- All of Sec. 18 T. 1S R. 17E lying north of Yellowstone river

2. The beneficial use on which the claim is based on agriculture, household, irrigation and general farm use, including water for stock raising.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Continuous since January 1955 Springs-Continuous since January 1955
4. The amount of groundwater claimed (in miner's inches or gallons per minute). All available with total of 400 gallons per minute plus unknown amounts
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof (40 acres) SE 1/4 Sec. 18 T. 1S R. 17E Owners as in No. 1 above Springs-All of Sec. 18 T. 1S R. 17E lying north of Yellowstone river
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Pump Location per diagram at left Springs are free flow to surface.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well- January 1955 Springs- January 1955
8. The depth of water table. Well- 60 feet, Springs-Unknown. Various levels
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater drilled about 100 feet Springs are free flowing water stimulated by removal of surface debris; use of reservoirs.
10. The estimated amount of groundwater withdrawn each year Well- in excess of 3 million gallons Springs-in excess of 100 million gallons
11. The log of formations encountered in the drilling of each well if available. Log not available, for well. Formation consisted of topsoil, clay, sand and gravel. Log not required for springs.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 Sec. 26 T. 15 R. 17E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based household and stock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1929 + use has been continuous
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 50 gpm
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 1/2 acre lawn + garden
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal currently with hand pump but electrical pump has been used
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Fall 1929
8. The depth of water table 20 ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well is drilled to 60 ft. and completely cased with 6" casing.
10. The estimated amount of groundwater withdrawn each year 100,000 gal.
11. The log of formations encountered in the drilling of each well if available none
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Ellis Faw
Date Dec 30 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater Dec 30 1963Owner Ellis Faw Address Reed Point MontContractor (if any) not known

Address of Contractor

Date Started Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. No. 1. Spring is developed with a

concrete collection box 10'x10'x5' with a 36" galvanized metal receiver in box; No. 2. Spring is developed

with a 2'x2'x3' wood collection box; No. 3 is surface flow. All springs are from natural under-ground water sources.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. No. 1. flows

8 gpm and is used for household and stock water.

No. 2. flows 10 gpm and is used for stock water

year around; No. 3 flows 6 gpm year around and with water 100 head of cows.
